MAY BROADEN LOBBY INQUIRY

Committee Decides to Ask Extension by Senate.

HOPES TO OBTAIN REQUEST

Any Skeletons That Have Dangled in the Closets of Congress and Any Soiled Linen That May Have Hung There Will Be Shown to the Public Eye and Drastic Legislation May Result.

Washington, June 14.—Lobbying as a fine art, how it is done and who is responsible, what ends are sought and what results are accomplished, probably will be investigated by the special senate lobby committee before it concludes its work and submits a report to the senate.

In executive session the committee decided to submit to the senate the question of a further broadening of the scope of its inquiry.

It was believed that the time limit imposed upon the committee of twenty days would be extended and that the investigation would go into every possible phase of what the committee suspects is lobbying.

Any skeletons that have dangled in the closets of congress and any soiled linen that may have hung there will be exhibited to the public eye and legislation to impose drastic restrictions upon lobbying and the "acceleration" of public opinion, may result.

The committee's decision came at the end of a day filled with sensations. On two occasions President Wilson figured in the testimony.

After Senator Gallinger had told the committee that in his opinion the president had once at least come "dangerously near lobbying" Truman G. Palmer, Washington representative of the United States Beet Sugar industry, declared that a "plate matter" campaign much similar to the one conducted in newspapers had accompanied the campaigns of the president and Representative Underwood before the Baltimore convention.

MAKES STARTLING CHARGES

Henry Says Wall Street Is Back of Currency Bill.

Washington, June 14.—An undercurrent of opposition among a considerable number of house Democrats to the plan for currency legislation at this session of congress took definite shape when Representative Henry of Texas, chairman of the powerful rules committee, openly charged that Wall street was back of the propaganda for currency legislation.

While favoring revision of both the banking and currency laws at the next session of congress Mr. Henry insisted that further investigation of the so called money trust should be pressed immediately.

TO SHIFT BURDEN OF PROOF

La Follette Introduces Bill to Amend Sherman Law.

Washington, June 14.—Senator La Follette introduced a bill to amend the Sherman anti-trust law so as to provide that when any person, firm or corporation is held guilty of restraining trade the burden of proof to establish the reasonableness of such restraint should be upon the defendant.

Any concern controlling more than 30 per cent of the business in the United States in any commodity would be barred from claiming reasonable restraint.

GONZALES GETS CUBAN POST

Jefferson Minister to Nicaragua and Hale to Costa Rica.

Washington, June 14.—President Wilson made the following nominations:

Hale of North Carolina; assistant treasurer of the United States at St. Louis, Willard D. Vandiver; receiver of public moneys, Otto R. Meyers, at Dickinson, N. D.; Harry L. Grandy, at Rapid City, S. D.

Action of Japanese Officials of No Significance.

Tokio, June 14.—The foreign office has received from Viscount Chinda, Japanese ambassador at Washington, a cabled request for a report on the seizure of the American yacht Columbia, owned by J. Harvey Ladew, in the closed port of Nagasaki.

The official procurator of Nagasaki has issued a statement saying the arrest of the American yacht was a formality and had no political significance.

VINCENT ASTOR.

He Gets Nearly Sixty-nine Millions of Father's Estate.

ASTOR ESTATE \$88,000,000

Titanic Victim's Property Largest in Value of Any Ever Appraised.

New York, June 14.—The estate of Colonel John Jacob Astor, who perished in the Titanic disaster, was officially appraised at close to \$88,000,000, of which Vincent Astor receives \$68,964,499; Mrs. Madeline Force Astor, \$7,678,896; Muriel Astor, \$4,856,758, and John Jacob Astor, son by his second marriage, \$2,322,672.

The estate is declared to be the largest ever appraised in this country. The cost of determining its value was made remarkably low owing to an understanding by which the Astor estate bore one-half the expenses and the state of New York the other half.

The estate saved a large sum in inheritance taxes by paying \$3,150,000 to the state last October, within six months of Colonel Astor's death, this payment earning 5 per cent rebate. The sum mentioned greatly exceeds any amount ever paid by any estate as an inheritance tax.

SENATE APPROVES SUNDRY CIVIL BILL

Measure Now Goes to President for Action.

Washington, June 14.—Only the approval of the president is needed to make a law of the sundry civil appropriation bill, with the exemption of labor organizations and farmers' associations from anti-trust prosecutions with funds provided by the measure.

By a vote of 46 to 12 the senate receded from its opposition to an item in the bill, as it passed the house, reducing the number of members of the board of managers of national soldiers' homes from eleven to five. This was the only remaining item of disagreement between the two houses.

The suggestion that the senate recede was made by Senator Martin, chairman of the senate conferees on the bill. He informed the senate that the house insisted upon the reduction of the membership and would defeat the entire bill rather than have it go through without the change.

Senator Burton of Ohio and Senator Sherman of Illinois attacked the proposed reduction as false economy. Senator Newlands of Nevada denounced the action of the house in insisting upon legislating in an appropriation bill.

The bill has been in conference since May 9. It is almost an exact duplicate of the measure vetoed by President Taft at the end of his administration because it contained the provision that none of the money appropriated for the enforcement of the Sherman anti-trust law should be used to prosecute labor organizations or farmers' associations.

FREEDOM ON WAY FOR PHILIPPINES

Island Independence Seems Assured.

MOVE HAS STRONG SUPPORT

Democrats Have Given Bill Indorsement, and President Wilson Likewise Has Favored Measure—Future Republican Congresses Might Repeal Such Legislation.

By ARTHUR W. DUNN.

Washington, June 14.—[Special.]—It looks as if the independence of the Philippines were assured, with four Democratic declarations in national conventions in favor of that program and the casual indorsement President Wilson has given the Jones bill. Of course it is no easy matter to pass a bill of that kind through the senate with the small majority which the party in power has.

Should it happen that a few Democrats are opposed to the policy of giving the Philippines independence in national conventions in favor of that program and the casual indorsement President Wilson has given the Jones bill. Of course it is no easy matter to pass a bill of that kind through the senate with the small majority which the party in power has.

There is another factor which should not be overlooked. The proposal as contained in the Jones bill is to allow the Philippines independence in eight years. In that time four different congresses will have been elected, two more presidents chosen, and it is quite possible that the congresses hereafter elected may be Republican, in which event they would have power to repeal the independence legislation.

Of course it would be difficult to repeal such a program, especially if the Philippines became dead in earnest and insisted upon self government. No doubt it would mean another insurrection. But whatever may happen in the future there seems no doubt that a very strong effort will be made to grant independence to the Philippines during the session of the Sixty-third congress.

Use of the Mails. Very frequently it is asserted that the use of the mails of the United States is a privilege conferred by the government and not a right. That is a curious reasoning. The people pay for the use of the mails. They pay for the operation of the government. They pay for an army and navy to protect the government, and they pay for much more. Now, does any one ever contend that it is a privilege and not a right for the people to have the protection of the army and navy or to have their government properly administered?

The fact is that certain postal officials have tried to build up the impression that use of the mails is a privilege granted by them, not that it is a right which the people pay for and to which they are entitled as much as anything else.

Mails and Crime. Those who argue that the use of the mails is a privilege often do so for the purpose of furthering the scheme to prevent the use of the mails for criminal purposes and for defrauding the public. That can be done if it is conceded that the use of the mails is a right. The government is strong enough to debar lotteries from the mails. It has been able to prevent a great deal of fraud, and it could say that gambling and speculation carried on by the mails must cease.

It could not say that people using the mails for legitimate purposes should be debarred from that facility. Yet that is just where the postal authorities and the public differ. The officials of the postoffice department have ever held that they have the power to say who shall and who shall not use the mails. And congress has never determined the differences by statute.

What They Think at Home. "There are 10,000 members of the Junior Order of Mechanics in my district," remarked Congressman Austin. As that order was very much in favor of having the literacy test applied to immigrants it is not surprising that Austin was one of the staunch supporters of the bill of the last congress.

Jimcrow Cars. Will the Democratic congress pass a Jimcrow car bill for the District of Columbia? All the southern states have such laws, and southern people express indignation when they are jammed in with negroes in the Washington street cars. Of course the necessity for such cars in the northern states is not so apparent as in Washington, where about one-third of the population is colored. Still, it is not likely that Jimcrow laws will be passed.

Dislike the Staff. Perhaps there is reason for the prejudice which exists against the "staff," a certain part of the military. Let any big function take place and the "staff" is always more prominent than the important persons. The "staff" eclipses governors. It overshadows presidents. In the matter of show the "staff" is always in evidence, while the real soldiers and sailors are doing the work. "Staff" stands for gold lace and prominence in all the photographs.

Punctuation Test. A highly educated person is one who knows where to put a semicolon.—Philadelphia Ledger.

ADMIRAL OSTERHAUS.

Closes Active Career at Age of Sixty-two.

OSTERHAUS RETIRES TODAY

Rear Admiral Closes Naval Career Under Compulsory Act.

Washington, June 14.—Rear Admiral Hugo Osterhaus, ranking officer of the navy, next to Admiral Dewey, will close his active career today and go upon the retired list. He is sixty-two years old, the age of compulsory retirement. He is a member of the general board and until last spring was commander of the Atlantic fleet.

On the celebrated "round the world" cruise of the battleship fleet he commanded the Connecticut, the late Fighting Bob Evans' flagship.

PUTS RECIPROCITY IN TARIFF MEASURE

Bill May Get Back in Senate by June 25.

Washington, June 14.—Amending the section of the Underwood tariff bill which would place on the free list all print paper valued at not more than 2½ cents a pound the majority members of the senate finance committee voted to incorporate in the bill the provisions of the Canadian reciprocity act passed in 1911.

This action would extend the free list to include all print paper valued at not more than 4 cents a pound on the condition that no export duty or export license fee shall have been imposed upon paper, board or wood pulp, or the wood pulp used in the manufacture of paper or board.

Although the word "Canada" is omitted from the amendment adopted by the committee it would appear against Canada because of that nation's restrictions on exports of wood and chemical pulp.

Under the reciprocity agreement pulp or wood paper would come in free from Canada when it is the product of free lands in Canada, lands unrestricted by export duty or license fee.

Senator Simmons stated he believed the committee could conclude its work by next Wednesday and that the Democratic caucus could then be called to meet immediately.

"I believe," said Senator Simmons, "that the bill can be reported to the senate by the following Wednesday, which would be June 25."

MANY CASES SETTLED.

The amount paid as indemnity in these cases was \$179,529.17 and the average cost per case was \$52.52.

BATTLE RAGES AT BAGSAK

Manila, June 14.—Fierce fighting continues between the American forces under Brigadier General Pershing and the rebellious Moros at Bagsak.

The Moros still hold one fort. Their attempts to rush the American lines with bolos, which are made with fanatical gallantry, are always repulsed with heavy losses.

The latest casualties are one scout killed and one man of the hospital corps wounded.

Former Governor Glasscock Defends Martial Law.

DETERMINED TO HAVE PEACE

Witness Asserts Excessive Sentences in West Virginia Mine Strike Trials Were Merely to Produce Strong Moral Effect and That There Was No Intention of Carrying Them Out.

Charleston, W. Va., June 14.—After hearing from former Governor Glasscock his explanation of the conditions under which the Paint Creek and Cabin Creek mining districts were placed under the domination of military rule the senate mine strike committee hurried its hearing along with but a single branch of its inquiry to be concluded here.

The testimony of Governor Glasscock and the civil officials of Kanawha county, in power during the strike, concluded the record under the head of the "arrest and conviction of citizens contrary to the laws and Constitution."

The big question as to agreements and combinations "contrary to the laws of the United States," to control the production of West Virginia coal will not be taken up by the committee at this time, it was decided, because officials of the United Mine Workers have been indicted on this charge, under the Sherman anti-trust law in the federal courts.

Strongly Defends Martial Law.

In no uncertain terms Governor Glasscock and the civil authorities of Kanawha county defended the declaration of martial law in the strike zone.

"There was a reign of terror in the strike district," said the former governor, "twenty-five or thirty murders had been committed and no prosecutions had been held in the courts. I considered that martial law was an absolute necessity."

He explained to the committee that the sentences imposed by the military commission which exceeded penalties provided by the civil statutes were never intended to be carried out.

He said that he had an understanding with the commission that very heavy sentences were to be imposed, but that he was not to allow the prisoners to serve the full terms. The long sentences were planned "for the moral effect."

"I was determined," said the governor, "to have peace and order restored. This was one of the means employed."

He was a Mason and belonged to the Elks and other organizations.

Mr. Whitney was born in Massachusetts, March 20, 1846, and came to Minnesota in 1879.

HELPS HUSBAND IN DUEL

Woman Reloads Weapon While He Fights Over Other Man's Wife.

Kansas City, June 14.—Jealousy over a woman caused W. G. Capper, forty-four years old, and Martin Donaldson, aged thirty, to engage in a pistol duel in the narrow hallway of Capper's home here and both men were wounded fatally.

The men quarreled when Donaldson tried to induce his wife to leave Capper's home, where she was employed as a domestic. Mrs. Donaldson hid in an upstairs room, but Mrs. Capper, who was present, helped her husband in the fight.

Both men emptied their pistols and each was shot four times. Mrs. Capper reloaded her husband's weapon, but he fainted before he could use it again.

This witness was John Baker, who worked in the Ipswich mills. The state closed its case and Baker was one of the first witnesses called for the defense.

FIGHT OCCURS IN
ILLINOIS HOUSE

Peoria Democrat Lands on Prohibition Leader.

SCENE OF CONFUSION ENSUES

Assault Takes Place During Consideration of Anti-Disorderly House Bill and After a Passage of Words Between the Two—Assailant Regrets His Hasty Action and Declares He Will Offer an Apology.

Springfield, Ill., June 14.—Dry Leader George H. Wilson of Adams county was knocked down on the floor of the house by Thomas Gorman, Democrat, of Peoria. Both men are members of the house. Friends of Gorman averted a riot by prevailing upon him to leave the chamber.

The assault occurred during the consideration of Representative Richardson's anti-disorderly house bill following a passage of words between the two.

In a short time following the assault the whole house was in a turmoil of excitement and disorder. Members left their seats and crowded into the aisles.

Cries of "throw him out," "put that man off the floor," and "expel that member," came from Wilson's friends on both sides of the aisle.

Speaker McKinley's vigorous pounding for order had little effect on the excited members.

Order had been restored when Roosevelt members took up the cry, "adjourn."

Speaker in a Quandary.

Speaker McKinley was undecided whether it would be best to adjourn or keep the house in order, when Representative Tice came to his aid. Standing in front of the clerk's desk, Tice managed to make his voice heard to the speaker's rostrum above the noise.

"Keep this house in session or there will be a riot; they are ready to fight if you adjourn," he said.

Speaker McKinley accepted the advice and Representative Holaday aided him by continuing the speech he was making when the trouble occurred.

Representative James H. Morris of Sangamon, a friend of Gorman's, dragged Gorman down the aisle as he would a child, while the latter clung to his arm. Others came to Morris' aid. It took the strength of half a dozen of the strongest members on the Democratic side to force Gorman back to his seat. He was taken from the capitol.

Those who accompanied Gorman to his hotel when he left the house said that he deeply regretted his action while in a violent temper and that he will apologize to the house and to Mr. Wilson at the earliest opportunity.

SERVIA WOULD DEMOBILIZE

Proposes to Bulgaria Three-quarters of Army of Each Be Disarmed.

London, June 14.—Anticipating a demand by the powers for demobilization Serbia has proposed to Bulgaria that the two countries reduce their armaments until one-quarter of their present forces remain under arms.

The representatives of the powers informed the Serbian premier that their governments, desiring to see the dispute between the two allies settled, would suggest that Serbia and Bulgaria demobilize.

Premier Pachitch replied that Serbia already had submitted to Bulgaria a note expressing the hope that Bulgaria would cease her concentration of troops on the Serbian frontier and also a proposal that both countries immediately reduce their armies until one-quarter of their present effective strength remained.

He Gets Nearly Sixty-nine Millions of Father's Estate.

ASTOR ESTATE \$88,000,000

Titanic Victim's Property Largest in Value of Any Ever Appraised.

New York, June 14.—The estate of Colonel John Jacob Astor, who perished in the Titanic disaster, was officially appraised at close to \$88,000,000, of which Vincent Astor receives \$68,964,499; Mrs. Madeline Force Astor, \$7,678,896; Muriel Astor, \$4,856,758, and John Jacob Astor, son by his second marriage, \$2,922,672.

The estate is declared to be the largest ever appraised in this country. The cost of determining its value was made remarkably low owing to an understanding by which the Astor estate bore one-half the expenses and the state of New York the other half.

The estate saved a large sum in inheritance taxes by paying \$3,160,000 to the state last October, within six months of Colonel Astor's death, this payment earning 5 per cent rebate. The sum mentioned greatly exceeds any amount ever paid by any estate as an inheritance tax.

Measure Now Goes to President for Action.

Washington, June 14.—Only the approval of the president is needed to make a law of the sundry civil appropriation bill, with the exemption of labor organizations and farmers' associations from anti-trust prosecutions with funds provided by the measure.

By a vote of 46 to 12 the senate receded from its opposition to an item in the bill, as it passed the house, reducing the number of members of the board of managers of national soldiers' homes from eleven to five. This was the only remaining item of disagreement between the two houses.

The suggestion that the senate recede was made by Senator Martin, chairman of the senate conferees on the bill. He informed the senate that the house insisted upon the reduction of the membership and would defeat the entire bill rather than have it go through without the change.

Senator Burton of Ohio and Senator Sherman of Illinois attacked the proposed reduction as false economy. Senator Newlands of Nevada denounced the action of the house in insisting upon legislating in an appropriation bill.

The bill has been in conference since May 9. It is almost an exact duplicate of the measure vetoed by President Taft at the end of his administration because it contained the provision that none of the money appropriated for the enforcement of the Sherman anti-trust law should be used to prosecute labor organizations or farmers' associations.

DIES AT GREAT AGE.

Bryan, O., June 14.—Mrs. Elizabeth Maugherman died here, twelve days after she had celebrated her one hundred and eighth birthday anniversary. Mrs. Maugherman was the mother of seventeen children, four of whom are living, and her progeny extends to the fifth generation. She was an inveterate smoker.

Naval Aviator Is Killed.

London, June 14.—Lieutenant J. B. Kennedy of the naval wing of the flying corps was killed and C. Gordon Bell, another aviator, seriously injured in the fall of a monoplane near the Brooklands aerodrome. Bell was driving the machine with Kennedy as a passenger. Too quick a turn caused the accident.

FREEDOM ON WAY
FOR PHILIPPINES

Island Independence Seems Assured.

MOVE HAS STRONG SUPPORT

Democrats Have Given Bill Indorsement, and President Wilson Likewise Has Favored Measure—Future Republican Congresses Might Repeal Such Legislation.

By ARTHUR W. DUNN.

Washington, June 14.—[Special.]—It looks as if the independence of the Philippines were assured, with four Democratic declarations in national conventions in favor of that program and the casual indorsement President Wilson has given the Jones bill. Of course it is no easy matter to pass a bill of that kind through the senate with the small majority which the party in power has.

Should it happen that a few Democrats are opposed to the policy of giving the Filipinos independence it would be found an easy matter to sidetrack a bill for that purpose, even if it were backed by the president; but, more than that, a Republican filibuster might prolong the debate far beyond the endurance of the desire of those who wanted to put the bill through, and it could be defeated in that way.

Cannot Control the Future.

There is another fact which should not be overlooked. The proposal as contained in the Jones bill is to allow the Philippines independence in eight years. In that time four different congresses will have been elected. Two more presidents chosen, and it is quite possible that the congresses hereafter elected may be Republican. In which event they would have power to repeal the independence legislation.

Of course it would be difficult to repeal such a program, especially if the Filipinos became dead in earnest and insisted upon self government. No doubt it would mean another insurrection. But whatever may happen in the future there seems no doubt that a very strong effort will be made to grant independence to the Filipinos during the session of the Sixty-third congress.

Use of the Mails.

Very frequently it is asserted that the use of the mails of the United States is a privilege conferred by the government and not a right. That is a curious reasoning. The people pay for the use of the mails. They pay for the operation of the government.

They pay for an army and navy to protect the government, and they pay for much more. Now, does any one ever contend that it is a privilege and not a right for the people to have the protection of the army and navy or to have their government properly administered?

The fact is that certain postal officials have tried to build up the impression that use of the mails is a privilege granted by them, not that it is a right which the people pay for and to which they are entitled as much as anything else.

Mails and Crime.

Those who argue that the use of the mails is a privilege often do so for the purpose of furthering the scheme to prevent the use of the mails for criminal purposes and for defrauding the public. That can be done if it is conceded that the use of the mails is a right. The government is strong enough to debar lotteries from the mails. It has been able to prevent a great deal of fraud, and it could say that gambling and speculation carried on by the mails must cease.

It could not say that people using the mails for legitimate purposes should be debarred from that facility. Yet that is just where the postal authorities and the public differ. The officials of the postoffice department have ever held that they have the power to say who shall and who shall not use the mails, and congress has never determined the differences by statute.

What They Think at Home.

"There are 10,000 members of the Junior Order of Mechanics in my district," remarked Congressman Austin. As that order was very much in favor of having the literacy test applied to immigrants it is not surprising that Austin was one of the staunch supporters of the bill of the last congress.

Jimcrow Cars.

Will the Democratic congress pass a Jimcrow car bill for the District of Columbia? All the southern states have such laws, and southern people express indignation when they are jammed in with negroes in the Washington street cars. Of course the necessity for such cars in the northern states is not so apparent as in Washington, where about one-third of the population is colored. Still, it is not likely that Jimcrow laws will be passed.

Dislike the Staff.

Perhaps there is reason for the prejudice which exists against the "staff," a certain part of the military. Let any big function take place and the "staff" is always more prominent than the important persons. The "staff" eclipses governors. It overshadows presidents. In the matter of show the "staff" is always in evidence, while the real soldiers and sailors are doing the work. "Staff" stands for gold lace and prominence in all the photographs.

ADMIRAL OSTERHAUS.

OSTERHAUS RETIRES TODAY

Rear Admiral Closes Naval Career Under Compulsory Act.

Washington, June 14.—Rear Admiral Hago Osterhaus, ranking officer of the navy, next to Admiral Dewey, will close his active career today and go upon the retired list. He is sixty-two years old, the age of compulsory retirement. He is a member of the general board and until last spring was commander of the Atlantic fleet.

On the celebrated "round the world" cruise of the battleship fleet he commanded the Connecticut, the late Fighting Bob Evans' flagship.

PUTS RECIPROCITY
IN TARIFF MEASURE

Bill May Get Back in Senate by June 25.

Washington, June 14.—Amending the section of the Underwood tariff bill which would place on the free list all print paper valued at not more than 2½ cents a pound the majority members of the senate finance committee voted to incorporate in the bill the provisions of the Canadian reciprocity act passed in 1911.

This action would extend the free list to include all print paper valued at not more than 4 cents a pound on the condition that no export duty or export license fee shall have been imposed upon paper, board or wood pulp, or the wood pulp used in the manufacture of paper or board.

Although the word "Canada" is omitted from the amendment adopted by the committee it would appear against Canada because of that nation's restrictions on exports of wood and chemical pulp.

Under the reciprocity agreement pulp or wood paper would come in free from Canada when it is the product of free lands in Canada, lands unrestricted by export duty or license fee.

Senator Simmons stated he believed the committee could conclude its work by next Wednesday and that the Democratic caucus could then be called to meet immediately.

"I believe," said Senator Simmons, "that the bill can be reported to the senate by the following Wednesday, which would be June 25."

MANY CASES SETTLED.

Madison, Wis., June 14.—According to a statement issued by the Wisconsin industrial commission 3,418 cases under the workmen's compensation act were settled since the law became effective, Sept. 1, 1911, to June 1, 1913. The amount paid as indemnity in these cases was \$179,529.17 and the average cost per case was \$52.52.

Manila, June 14.—Fierce fighting continues between the American forces under Brigadier General Pershing and the rebellious Moros at Bagsak.

The Moros still hold one fort. Their attempts to rush the American lines with bolos, which are made with fanatical gallantry, are always repulsed with heavy losses.

The latest casualties are one scout killed and one man of the hospital corps wounded.

Former Governor Glasscock Defends Martial Law.

DETERMINED TO HAVE PEACE

Witness Asserts Excessive Sentences in West Virginia Mine Strike Trials Were Merely to Produce Strong Moral Effect and That There Was No Intention of Carrying Them Out.

Charleston, W. Va., June 14.—After hearing from former Governor Glasscock his explanation of the conditions under which the Paint Creek and Cabin Creek mining districts were placed under the domination of military rule the senate mine strike committee hurried its hearing along with but a single branch of its inquiry to be concluded here.

The testimony of Governor Glasscock and the civil officials of Kanawha county, in power during the strike, concluded the record under the head of the "arrest and conviction of citizens contrary to the laws and Constitution."

The big question as to agreements and combinations "contrary to the laws of the United States," to control the production of West Virginia coal will not be taken up by the committee at this time, it was decided, because officials of the United Mine Workers have been indicted on this charge, under the Sherman anti-trust law in the federal courts.

Strongly Defends Martial Law.

In no uncertain terms Governor Glasscock and the civil authorities of Kanawha county defended the declaration of martial law in the strike zone.

"There was a reign of terror in the strike district," said the former governor, "twenty-five or thirty murders had been committed and no prosecutions had been held in the courts. I considered that martial law was an absolute necessity."

He explained to the committee that the sentences imposed by the military commission which exceeded penalties provided by the civil statutes were never intended to be carried out.

He said that he had an understanding with the commission that very heavy sentences were to be imposed, but that he was not to allow the prisoners to serve the full terms. The long sentences were planned "for the moral effect."

"I was determined," said the governor, "to have peace and order restored. This was one of the means employed."

CAPTAIN WHITNEY IS DEAD

He was interested in matters pertaining to the Grand Army of the Republic and was a member of the board of trustees of the Old Soldiers' home. He was a Mason and belonged to the Elks and other organizations.

Mr. Whitney was born in Massachusetts, March 20, 1846, and came to Minnesota in 1879.

W. & L. BOARD IS VINDICATED

Jury Returns Verdict in Favor of Mons Mahlum and Against Hugo Schwartzkopf

CIVIL SUIT FOR LIBEL

Jury by its Verdict Declares the Pamphlet Statements Complained of to be Untrue

The jury in the case of Mons Mahlum vs Hugo Schwartzkopf, wherein Mr. Mahlum sued for damages because of the publication of certain alleged libelous statements in a pamphlet, found for the plaintiff, Mr. Mahlum and assessed his damages at a nominal figure, \$1.

In a statement made by Mr. Mahlum's attorney, M. E. Ryan, the latter said: "Mr. Mahlum never wanted Mr. Schwartzkopf's money, but he did want to prove to the people of this community that the pamphlet contained untruths."

"The state supreme court has stated that the people who started the investigation had no standing in law and the jury has said the pamphlet statements complained of were untrue. The water and light board has been completely vindicated."

The costs of the case are assessed against Mr. Schwartzkopf.

TARANTULA KILLED

Employees of J. W. Koop Grocery Store Dispatch a Big, Poisonous Man-Eating Spider

There was a lively time in the J. W. Koop grocery store on South Seventh street when the first boy down in the morning saw a huge tarantula ranging around the floor and taking jumps a yard long. He reached for a broom and waited for reinforcements. Other clerks came and then a rush was made for the spider.

The tarantula hunt occupied some time, for the chase after the hairy legged creature seemed to warm up the tarantula and made him livelier than ever. A half a foot in length, equipped with eight long legs, two feelers and a bunch of whiskers on his chin, the patriarchal fellow hopped and buzzed around quite merrily until a well directed blow from Fritz Koop's broom laid him low. He was immersed in a bottle of alcohol and after swimming around a day he was tacked on a board and there he may be viewed.

IN DISTRICT COURT

George and Lindsay Laughton Sentenced to Reformatory, Alfred Anniz to Penitentiary

In the district court, Judge C. W. Stanton presiding, George and Lindsay Laughton and Alfred Anniz, accused of stealing a heifer, were sentenced. The two Laughtons were given an indeterminate sentence to the reformatory and Anniz was given an indeterminate sentence to the penitentiary.

Court adjourned to Monday morning. Judge C. W. Stanton left for his home in Bemidji Saturday afternoon.

Judge W. S. McClenahan will preside at the district court on Monday morning.

The kidnaping case will be taken up on Wednesday morning. Peter L. Newman and George C. Paine have asked for separate trials. A. D. Edgerton, assistant attorney general, will assist County Attorney G. S. Swanson in the prosecution of the cases.

These are cases wherein Teodor Sjogren of Crosby, charges that he was kidnaped from Crosby and at the point of the gun compelled to board an automobile which conveyed him to Brainerd and that while in this town he gave his captors the slip and escaped on a train, never stopping in his flight until he reached Duluth. The Duluth papers gave Sjogren's own story much space at the time.

Newman and Paine have both had trials in the municipal court at Crosby presided over by Judge A. W. Uhl and both paid fines on charges of assault.

The cases will arouse great interest when heard in the district court as Sjogren is prominent and the socialist party has espoused his cause.

Mr. Zappfe has no idea as to what duties attach to the godfather of a new town and believes that he will have to retain a fatherly interest in the place. BOOSTERS MEETING

H. A. Carmichael Makes Comprehensive Report Regarding Formation of Marching Club

The Booster club met at the usual place last evening. President Wm. Nelson presided and Secretary Geo. H. Gardner was in attendance.

Of most interest was the report of H. A. Carmichael on the Booster marching club. To date the signatures of 36 men have been obtained to the lists circulated by Mr. Carmichael, Frank E. Brondson and Chas. W. Mahlum. Each agrees to buy a coat and cap. It is expected to have the suits here in time for the club to march with the Brainerd City band when the shop picnic invades Deerwood and the north Cuyuna iron range.

Each marcher will also wear a big celluloid button and red ribbon badge proclaiming the fact that he's from Brainerd and every town visited will have no doubts as to where the club comes from when it lands in their midst decked out in parade suits and badges.

New applicants accepted were City Engineer C. D. Peacock and John Pelkey.

GLEE CLUB TONIGHT

Euterpean Glee Club, Fourteen Young Women of the University, to Sing Tonight

University Week will close this evening with a grand concert given by the fourteen young women of the university Euterpean glee club. Mrs. Carlyle Scott, violinist and Carlyle Scott, pianist, will accompany them. A large seat sale has been recorded for this evening's concert.

Friday afternoon Prof. F. H. Bass lectured on "Public Health." Professor Frank M. Raug spoke on "Public Discussion and Democracy."

A pleasing feature of the afternoon program at the Commercial club was the recital of Miss Grace Chadbourne, soprano and Miss Gertrude Reeves, pianist. Brainerd people are much interested in the career of Miss Chadbourne. She is the niece of G. W. Chadbourne of this city and has sung in Brainerd on other occasions. She received an ovation when she concluded her program. The charm of her sweet voice captivated those who had the rare opportunity of hearing her. She also sang at the opera house in the evening.

A change was made in the Friday evening program at the opera house. The debating team which has discussed socialism was unable to make the necessary train connections to reach Brainerd and so the debate on woman's suffrage was substituted. The university men debated well and earnestly. The affirmative won, the judges so deciding by a 4 to 1 vote. Their decision was sustained by the vote of the audience. The judges were Rev. Campbell, Rev. Lowrie, Miss Millicent Mahlum, Mrs. Dougan of Minneapolis, Mrs. Walter Courtney.

Supt. W. C. Cobb said the debate equalled that of the best debaters of Yale, Harvard or Princeton. Saturday afternoon there were addresses at the Commercial club by C. H. Preston and Miss Martha Wilson and a violin and piano recital by Mr. and Mrs. Carlyle Scott of the Minneapolis school of music.

W. & L. BOARD IS VINDICATED

Jury Returns Verdict in Favor of
Mons Mahlum and Against
Hugo Schwartzkopf

IN CIVIL SUIT FOR LIBEL

Jury by its Verdict Declares the
Pamphlet Statements Claimed
of to be Untrue

The jury in the case of Mons Mahlum vs Hugo Schwartzkopf, wherein Mr. Mahlum sued for damages because of the publication of certain alleged libelous statements in a pamphlet, found for the plaintiff, Mr. Mahlum and assessed his damages at a nominal figure, \$1.

In a statement made by Mr. Mahlum's attorney, M. E. Ryan, the latter said: "Mr. Mahlum never wanted Mr. Schwartzkopf's money, but he did want to prove to the people of this community that the pamphlet contained untruths."

"The state supreme court has stated that the people who started the investigation had no standing in law and the jury has said the pamphlet statements complained of were untrue. The water and light board has been completely vindicated."

The costs of the case are assessed against Mr. Schwartzkopf.

TARANTULA KILLED

Employees of J. W. Koop Grocery Store
Dispatch a Big, Poisonous
Man-Eating Spider

There was a lively time in the J. W. Koop grocery store on South Seventh street when the first boy down in the morning saw a huge tarantula ranging around the floor and taking jumps a yard long. He reached for a broom and waited for reinforcements. Other clerks came and then a rush was made for the spider.

The tarantula hunt occupied some time, for the chase after the hairy legged creature seemed to warm up the tarantula and made him livelier than ever. A half a foot in length, equipped with eight long legs, two feelers and a bunch of whiskers on his chin, the patriarchal fellow hopped and buzzed around quite merrily until a well directed blow from Fritz Koop's broom laid him low. He was immersed in a bottle of alcohol and after swimming around a day he was tacked on a board and there he may be viewed.

IN DISTRICT COURT

George and Lindsay Laughton Sentenced to Reformatory, Alfred Anniz to Penitentiary

In the district court, Judge C. W. Stanton presiding, George and Lindsay Laughton and Alfred Anniz, accused of stealing a heifer, were sentenced. The two Laughtons were given an indeterminate sentence to the reformatory and Anniz was given an indeterminate sentence to the penitentiary.

Court adjourned to Monday morning. Judge C. W. Stanton left for his home in Bemidji Saturday afternoon.

Judge W. S. McClenahan will preside at the district court on Monday morning.

The kidnapping case will be taken up on Wednesday morning. Peter L. Newman and George C. Paine have asked for separate trials. A. D. Edgerton, assistant attorney general, will assist County Attorney G. S. Swanson in the prosecution of the cases.

These are cases wherein Teodor Sjogren of Crosby, charges that he was kidnaped from Crosby and at the point of the gun compelled to board an automobile which conveyed him to Brainerd and that while in this town he gave his captors the slip and escaped on a train, never stopping in his flight until he reached Duluth. The Duluth papers gave Sjogren's own story much space at the time.

Newman and Paine have both had trials in the municipal court at Crosby presided over by Judge A. W. Uhl and both paid fines on charges of assault.

The cases will arouse great interest when heard in the district court as Sjogren is prominent and the socialist party has espoused his cause.

BOOSTERS MEETING

H. A. Carmichael Makes Comprehensive Report Regarding Formation of Marching Club

The Booster club met at the usual place last evening. President Wm. Nelson presided and Secretary Geo. H. Gardner was in attendance.

Of most interest was the report of H. A. Carmichael on the Booster marching club. To date the signatures of 36 men have been obtained to the lists circulated by Mr. Carmichael, Frank E. Brondson and Chas. W. Mahlum. Each agrees to buy a coat and cap. It is expected to have the suits here in time for the club to march with the Brainerd City band when the shop picnic invades Deerwood and the north Cuyuna iron range.

Each marcher will also wear a big celluloid button and red ribbon badge proclaiming the fact that he's from Brainerd and every town visited will have no doubts as to where the club comes from when it lands in their midst decked out in parade suits and badges.

New applicants accepted were City Engineer C. D. Peacock and John Pelkey.

The house was beautifully decorated for the occasion, the color scheme being green and white. After the simple ring service was read, a sumptuous wedding dinner was served, of which some 150 guests partook. The bride was gowned in white messaline, the groom wore conventional black. The happy couple were attended by Miss Adelaide Vogel and Benjamin Weber. A reception followed the sumptuous dinner.

Mr. Kelly is a prominent business man of Brainerd and the bride has a large circle of acquaintances. They will make their home in Brainerd. The Dispatch joins their many friends in wishing them much happiness and prosperity.

GLEE CLUB TONIGHT

Euterpean Glee Club, Fourteen Young Women of the University, to Sing Tonight

University Week will close this evening with a grand concert given by the fourteen young women of the university Euterpean glee club. Mrs. Carlyle Scott, violinist and Carlyle Scott, pianist, will accompany them. A large seat sale has been recorded for this evening's concert.

Friday afternoon Prof. F. H. Bass lectured on "Public Health." Professor Frank M. Raug spoke on "Public Discussion and Democracy."

A pleasing feature of the afternoon program at the Commercial club was the recital of Miss Grace Chadborn, soprano and Miss Gertrude Reeves, pianist. Brainerd people are much interested in the career of Miss Chadborn. She is the niece of G. W. Chadborn of this city and has sung in Brainerd on other occasions. She received an ovation when she concluded her program. The charm of her sweet voice captivated those who had the rare opportunity of hearing her. She also sang at the opera house in the evening.

A change was made in the Friday evening program at the opera house. The debating team which has discussed socialism was unable to make the necessary train connections to reach Brainerd and so the debate on woman's suffrage was substituted. The university men debated well and earnestly. The affirmative won, the judges so deciding by a 4 to 1 vote. Their decision was sustained by the vote of the audience. The judges were Rev. Campbell, Rev. Lowrie, Miss Millicent Mahlum, Mrs. Dougan of Minneapolis, Mrs. Walter Courtney.

Supt. W. C. Cobb said the debate equalled that of the best debaters of Yale, Harvard or Princeton. Saturday afternoon there were addresses at the Commercial club by C. H. Preston and Miss Martha Wilson and a violin and piano recital by Mr. and Mrs. Carlyle Scott of the Minneapolis school of music.

LITTLE FALLS STRENGTH
City Team Defeats the Laurels, a Fast
West Little Falls Team, by
18 to 0 Score
Little Falls, Minn., June 14—The
city team defeated the Laurels, a
fast west side team, by a score of 18
to 0. The game was called because
of darkness with four and one-third
innings played.
The summary shows eight strike-
outs in four innings by Butler, the
city team's right hand spit ball twir-
ler and three strikeouts in one in-
ning by Dominick, the old reliable
southpaw.
Eleven hits were made off Gourd,
who pitched for the Laurels; 11 stolen
bases by the city team; no hits off
Butler; one hit off Dominick.

TWO GAMES WITH
LITTLE FALLS
Sunday Game to Commence at 2:30
O'clock Sharp at the Koer-
ing Grounds
THE MONDAY GAME AT 6 P. M.
The Brainerd Lineup—A Great Game
Guaranteed, For Little Falls
Are Professionals
Fans of the city will be treated to
two good games of baseball on Sun-
day and Monday, June 15 and 16,
when Brainerd plays the professional
team of Little Falls.

THE SIDE SHOW
The other day, in sending a remit-
tance to a Philadelphia bank, Art
Droegeth of the First National bank,
added the query, "How's Bush, a
Brainerd boy, making it?" And the
answer came back: "Bush is some
pitcher. He's making good." Which
shows that baseball is a tie which
binds us all together.
Brainerd is this season facing a
class of teams exceeding in ability
anything played against in former
years. Little Falls, for instance, has
a team of paid professional players.
They have been hired by the citizens
to win games. They are devoting
their entire time and attention to
baseball.
St. Cloud's team is professional,
there being but two St. Cloud men on
the nine. The rest is all Minneapo-
lis. But no one will deny that Cy
Olson's team isn't a good one.
Fans will be pleased to see Sig
Sheffo in the field. Sig is a good
batter and has lifted them over the
fence on occasions when a hit meant
a couple of runs. And he's a good
fly chaser too and the sun doesn't ap-
pear to bother him either.
An effort will be made by the sport
page to interest Quaker Oats, Bull
Durham and the other big advertis-
ers in taking space on the west and
southwest corners of the ball park. A
little more fence in those places would
effectually shut off the view of the
Bunker hillside. When the battery
cannot be seen in action, over half the
game is lost from view.
Don't forget the travellingmen-
merchants game scheduled to take
place immediately after the big game
Sunday afternoon. You don't want
to miss a chance to see those new
suits. The gentlemenly ushers will
circulate about the audience selling
seats at the low cost of a dime.
It is believed the drummers will
make better base runners than the
merchants. The drummers naturally
have to cover lots of territory in the
course of their work, while the av-
erage Brainerd business man is
penned to his desk or his counter six
days in the week. The game, how-
ever, will show which makes the best
record running and stealing bases.
In a list of 34 pitchers of the Amer-
ican league, Joe Bullett Bush, as Les-
lie Bush is now termed, stood 10th in
the list with a percentage of .67.
Bush had a better record in the per-
centage column than Bedient and
Wood of Boston, Walsh of Chicago,
Keating of New York.

During the summer months I ex-
pect to visit your city one or more
times. If you would like to have me
call on you I will be glad to do it.
Then we could talk over the course of
study you would like to take. This
would not obligate you in any way.
Let me know as soon as you can
and I will plan to call when in your
town.

Cats In London.
Some time ago an old man revisiting
London after forty years in Australia
was asked what appeared to him most
strange in his walks about town. He
said it was the change in the public
attitude toward the cat. In his young
days if a cat appeared in the street it
was a signal to throw stones at it or
shout at it or set a dog on it; in any
case to rouse a hostile demonstration,
and the cat had to grope for its life.
Now he saw cats sitting undisturbed
on doorsteps and corners all over the
town.

KEEP THE KIDNEYS WELL
Health is Worth Saving, and Some
Brainerd People Know How to
Save It
Many Brainerd people take their
lives in their hands by neglecting the
kidneys when they know these or-
gans need help. Weak kidneys are
responsible for a vast amount of suf-
fering and ill health—the slightest
delay is dangerous. Use Doan's Kid-
ney Pills—a remedy that has helped
thousands of kidney sufferers. Here
is a Brainerd citizen's recommenda-
tion.
Mrs. George W. Hall, 23 Third
Ave., Brainerd, Minn., says: "I can
recommend Doan's Kidney Pills high-
ly for I know them to be a good kid-
ney medicine. They have always re-
lieved me when I have had any trou-
ble caused by my kidneys and have
proven beneficial in every way. Oth-
ers of my family have taken Doan's
Kidney Pills, procured at H. P.
Dunn's drug store with the most sat-
isfactory results."
For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,

City Team Defeats the Laurels, a Fast
West Little Falls Team, by
18 to 0 Score

Little Falls, Minn., June 14—The
city team defeated the Laurels, a
fast west side team, by a score of 18
to 0. The game was called because
of darkness with four and one-third
innings played.

The summary shows eight strike-
outs in four innings by Butler, the
city team's right hand spit ball twir-
ler and three strikeouts in one in-
ning by Dominick, the old reliable
southpaw.

Eleven hits were made off Gourd,
who pitched for the Laurels; 11 stolen
bases by the city team; no hits off
Butler; one hit off Dominick.

DRUMMERS AND MERCHANTS

Lineup of the Two Teams for Sunday
Afternoon Game, June 15—
Good Game Assured

The merchants lineup for the Sun-
day game, to be called immediately
after the Little Falls-Brainerd game,
is Quinn Parker catcher, William
Turcotte pitcher, Ed. Levant first
base, Thomas Considine second base,
O. A. Peterson third base, Harry
Carlson shortstop, Fritz Koop left
field, Clyde Parker right field, S. P.
Coffrain center field.

The drummers lineup is Art John-
son catcher, George Anderson pitch-
er, Walter Kuntz first base, E. S.
Quinn second base, J. C. Higbe third
base, Fred Sanborn shortstop, George
Weaver left field, L. M. Schulstad
right field Cy Olson center field.

Rumor has it that Connie Mack
has heard of some of these fast play-
ers and he will have his scouts here
to buy them up. Be sure and see
them play before they join the "big
league."

**TWO GAMES WITH
LITTLE FALLS**

Sunday Game to Commence at 2:30
O'clock Sharp at the Koer-
ing Grounds

THE MONDAY GAME AT 6 P. M.

The Brainerd Lineup—A Great Game
Guaranteed, For Little Falls
Are Professionals

Fans of the city will be treated to
two good games of baseball on Sun-
day and Monday, June 15 and 16,
when Brainerd plays the professional
team of Little Falls.

The Sunday game will be called at
2:30 sharp at the Koering grounds.
This hour has been agreed upon in
order to give the Travelingmen-Mer-
chants nines a chance to also play a
game.

The Monday game between Brainerd
and Little Falls is scheduled for
6 P. M.

The Brainerd lineup is Cook pitch-
er, V. N. Roderick catcher, Bush first
base, Larson second base, Erickson
shortstop, Templeton third base, Al.
Victor left field, Sig Sheffo center
field, Ira Roderick or Kalland right
field.

These games will find Brainerd and
Little Falls so evenly matched that a
dinky error one way or the other will
decide the game. Brainerd will have
to play championship ball in order to
win from the Little Falls people who
expect to bring up quite an audience
of fans in automobiles.

Travel Free.

"Conductor," said the gasping pas-
senger, vainly trying to raise a win-
dow, "there are at least a billion mi-
crobes in this car."

"You ought to be able to stand that
if the company can," growled the street
car conductor. "We don't get a blamed
cent for carrying 'em."—Chicago Trib-
une.

THE SIDE SHOW

The other day, in sending a remit-
tance to a Philadelphia bank, Art
Drogseth of the First National bank,
added the query, "How's Bush, a
Brainerd boy, making it?" And the
answer came back: "Bush is some
pitcher. He's making good." Which
shows that baseball is a tie which
binds us all together.

Brainerd is this season facing a
class of teams exceeding in ability
anything played against in former
years. Little Falls, for instance, has
a team of paid professional players.
They have been hired by the citizens
to win games. They are devoting
their entire time and attention to
baseball.

St. Cloud's team is professional,
there being but two St. Cloud men on
the nine. The rest is all Minneapo-
lis. But no one will deny that Cy
Olson's team isn't a good one.

Fans will be pleased to see Sig
Sheffo in the field. Sig is a good
batter and has lifted them over the
fence on occasions when a hit meant
a couple of runs. And he's a good
fly chaser too and the sun doesn't ap-
pear to bother him either.

An effort will be made by the sport
page to interest Quaker Oats, Bull
Durham and the other big advertis-
ers in taking space on the west and
southwest corners of the ball park. A
little more fence in those places would
effectually shut off the view of the
Bunker hillside. When the battery
cannot be seen in action, over half the
game is lost from view.

Don't forget the travelingmen-
merchants game scheduled to take
place immediately after the big game
Sunday afternoon. You don't want
to miss a chance to see those new
guys. The gentlemenish ushers will
circulate about the audience selling
seats at the low cost of a dime.

It is believed the drummers will
make better base runners than the
merchants. The drummers naturally
have to cover lots of territory in the
course of their work, while the av-
erage Brainerd business man is
penned to his desk or his counter six
days in the week. The game, how-
ever, will show which makes the best
record running and stealing bases.

In a list of 34 pitchers of the Amer-
ican league, Joe Bullet Bush, as Les-
lie Bush is now termed, stood 10th in
the list with a percentage of .67.
Bush had a better record in the per-
centage column than Bedient and
Wood of Boston, Walsh of Chicago,
Keating of New York.

redness, rash and disagreeable effects

found Dr. Hobson's Eczema Oint-
ment I found a cure." This oint-
ment is the formula of a physician
and has been in use for years—not

Washotint is a perfect, flat,
sanitary, washable coating for
producing on interior walls and
ceilings, soft, beautiful tints that
lend an artistic air to the sur-

It is becoming more and more the
fashion to tint walls in soft flat
tones, but in getting this result use
Washotint, which will not spot every
time water splashes on or touches it,
as is the case with cold water or
kalsomine paints.

The surface produced with Wash-
otint is non-porous, non-absorbent
and hard, and it is both sanitary
and cleanly.
